Course Grading Scheme:

1. Homework Assignments (0%): Problem sets will be assigned weekly on the course web-site. It is essential that you work all of these problems and understand the course material at a satisfactory level. The problems encountered in the homework assignments will be of comparable difficulty as the problems encountered in the quizzes and examinations. On occasion, a problem from homework assignments may be used in exams with minor numerical changes. Homework assignments will **not** be corrected, discussed in class, or graded, but *solutions to the homework problems will be posted on the course web-site (not Canvas).*

A 10-minute worksheet will be handed out on most Tuesdays at the beginning of the class. These worksheets are **for practice purposes only**. They will be **neither corrected nor graded**, and as a rule also **not** discussed during class or office hours.

2. Examinations (50%): Two midterm examinations of 75 min length will be given, **each counting 25%** to the final grade. **NO MAKE-UP EXAMINATIONS WILL BE GIVEN.** You are only allowed to use the information provided on the examination paper. You must bring your own (non-programmable) calculator. No smart phone, smart watch or similar instruments are allowed during exam.

Date	Chapters
1 Oct	5, 6,7,8
12 Nov	11,13,14

3. Final Exam Preparation Period. Pre-finals week will be defined as the seven calendar days before the first day of finals. Faculty may cover new course material throughout this week. For specific provisions of the policy please refer to OU's Final Exam Preparation Period policy (<https://apps.hr.ou.edu/FacultyHandbook#4.10>).

4. Final Exam (50%): The final examination will be given on **Wednesday Dec. 16 , 1:30 pm – 3:30 pm**. It will be a comprehensive **two-hour** examination covering all of the course materials. **NO MAKE-UP FINAL EXAMINATION WILL BE GIVEN.** You are only allowed to use the information provided on the examination paper. You must bring your own (non-programmable) calculator. No smart phone, smart watch or similar instruments are allowed during exam.

5. Final Grade: The minimum final score for a GUARANTEE **'A' is 90%; 'B' is 77%; 'C' is 60%; 'D' is 50%. The grade will be 'F' if the final score is below 50%.** According to the Provost office should students not completing 70% or more of a course be issued a grade/mark of "I." The 70% refer to attendance to class and/or exams, i.e., if you are excused for more than 30% of class and/or exams you will receive an "I".

6. Grading Errors and Extra Credits: All grading mistakes have to be resolved within **one** week after the examinations are returned to the students. Grading mistakes found in the final examination have to be resolved immediately with the instructor. *Solutions to all examinations will be posted on the web within a week after they are graded.* No grade changes will be made at the end of term on the basis of a student wishing to obtain a higher grade than was earned by point total. ***No extra credit will be given.***

7. Academic Integrity: Cheating is strictly prohibited at the University of Oklahoma, because it devalues the degree you are working hard to get. As a member of the OU community it is your responsibility to protect your educational investment by knowing and following the rules. For

specific definitions on what constitutes cheating, review the Student's Guide to Academic Integrity at http://integrity.ou.edu/students_guide.html. In order to be successful in this class, all work on exams and quizzes must be yours, and yours alone. *You may not solicit or receive outside help.* On examinations and quizzes you will never be permitted to use your notes, textbooks, ect. (**I utilize plagiarism checkers and expect students to adhere to the academic integrity proscribed for OU students**). Should you see someone else engaging in this behavior, I encourage you to report it to myself or directly to the Office of Academic Integrity Programs. That student is devaluing not only their degree, but yours, too. Students engaging in academic misconduct (including cheating, plagiarism, and any other action that may improperly affect evaluation) will be subject to sanctions in accordance with the Norman Campus Academic Misconduct Code. *I will assign an "F" for the course* and may recommend expulsion from the University for such violations

Emergency Protocol

During an emergency, there are official university [procedures](#) that will maximize your safety.

Severe Weather: If you receive an OU Alert to seek refuge or hear a tornado siren that signals severe weather.

1. Look for severe weather refuge location maps located inside most OU buildings near the entrances.
2. Seek refuge inside a building. Do not leave one building to seek shelter in another building that you deem safer. If outside, get into the nearest building.
3. Go to the building's severe weather refuge location. If you do not know where that is, go to the lowest level possible and seek refuge in an innermost room. Avoid outside doors and windows.
4. Get in, Get Down, Cover Up
5. Wait for official notice to resume normal activities.

Additional [Weather Safety Information](#) is available through the Department of Campus Safety.

The University of Oklahoma Active Threat Guidance

The University of Oklahoma embraces a Run, Hide, Fight strategy for active threats on campus. This strategy is well known, widely accepted, and proven to save lives. To receive emergency campus alerts, be sure to update your contact information and preferences in the account settings section at one.ou.edu.

RUN: Running away from the threat is usually the best option. If it is safe to run, run as far away from the threat as possible. Call 911 when you are in a safe location and let them know from which OU campus you're calling from and location of active threat.

HIDE: If running is not practical, the next best option is to hide. Lock and barricade all doors; turn off all lights; turn down your phone's volume; search for improvised weapons; hide behind solid objects and walls; and hide yourself completely and stay quiet. Remain in place until law enforcement arrives. Be patient and remain hidden.

FIGHT: If you are unable to run or hide, the last best option is to fight. Have one or more improvised weapons with you and be prepared to attack. Attack them when they are least expecting it and hit them where it hurts most: the face (specifically eyes, nose, and ears), the throat, the diaphragm (solar plexus), and the groin.

Please save OUPD's contact information in your phone.

NORMAN campus: *For non-emergencies call (405) 325-1717. For emergencies call (405) 325-1911 or dial 911.*

Fire Alarm/General Emergency

If you receive an OU Alert that there is danger inside or near the building, or the fire alarm inside the building activates:

1. *LEAVE* the building. Do not use the elevators.
2. *KNOW* at least two building exits
3. *ASSIST* those that may need help
4. *PROCEED* to the emergency assembly area
5. *ONCE safely outside, NOTIFY first responders of anyone that may still be inside building due to mobility issues.*
6. *WAIT* for official notice before attempting to re-enter the building.
